\*\*\*The completion and graduation rates for certificates, associate degrees, and bachelor degrees are measured at 150% of the expected time for completion (e.g., bachelor degree rate is 6 years from first enrollment).

**Note:** The majority of CoA students during the years reported attended the college part-time. Further, transient student enrollment numbers are not included in the numbers reported. CoA does not track graduation numbers for transfer students, which lowers the average significantly.
